

Compliance for Comments on SIA Report for Construction of Road from Kota Village to Manooru at NH 66 including Bridge across Boodanagundi Stream

Note: All review comments have been included/updated in SIA report version Feb 2019

SI No	Review Comments on SIA Report from Social Specialist, World Bank	Compliance to Review Comments by DECCAN Consulting Engineers Private Limited
1	Provide word version of the report for easy review	SIA Report in PDF version in one single file is attached, which is easy for review. The Word Version of SIA, which includes several annexures and figures are in several files and will be difficult for review. Therefore, PDF version is best for review and hence enclosed.
2	Chapt I: The objectives and scope section presents about environmental OPs while this report related to social – rewrite as it deals with OPs 4.12 and OP 4.10.	Stands Corrected in revised SIA report version Feb 2019
3	Section 4.4, first para: it says total land requirement is 3.53 hectares and the table 4.4 says the requirement is 2.7 hectares – Correct the number	The land computations have since changed due to change in the longitudinal profile of the road to reduce the land requirement as per stake holder consultations as well as site observations of Social Specialist, World Bank during First week of December 2018. The private land requirement for construction of road is given in Table 2.4 under section 2.0 and Table 4.5 under Section 4.0 in revised SIA report version Feb 2019.
4	Stakeholder consultation is provided in section 4.5 and in Chapter 7. Avoid repetition	Stands Corrected in revised SIA report version Feb 2019
5	The document has not presented profiles of land donors – it presented general profiles of the state and the project district. Provide socio economic profiles of the land donors. It is required to assess the vulnerability - extent of land donation (%) of their total land lands and their social group (SC/ST, etc), though it is voluntary land donation.	The socio-economic profile of land owners who are willing to donate land for road construction is given in Table 4.4 and Table 4.5 under Section 4.0 in revised SIA report version Feb 2019
