SI No	Review Comments on SIA Report from Social Specialist, World Bank	Compliance to Review Comments by DECCAN Consulting Engineers Private Limited
1	Chapter 1 Page 2, para 1.2: as it is SIA, the report has to be prepared as per OP 4.12 and OP 4.10. Please revise the para accordingly.	Stands Corrected in revised SIA report version 20 th March 2019
2	Page 4: This report is SIA. Chapter plan presented in this page relates to EIA. Please correct.	Stands Corrected in revised SIA report version 20 th March 2019
3	Page 29, Table 4.1: Give source for the table and also mention reference year for the figures presented	Source of the information/data and reference year is mentioned in for Table 4.1 in revised SIA report version 20 th March 2019
4	Page 34, Table 4.5: Give source for the table and also mention reference year for the figures presented.	Source of the information/data and reference year is mentioned in for Table 4.5 in revised SIA report version 20 th March 2019
5	It is presented that two structures will be lost. It is reported that the farmers volunteered to take away the structures as required. Though it is fine, the RAP should have made provisional budget for worst possible option, in case it is required to pay the compensation. It is not necessary to use the budget in case the farmers volunteered to donate the land	As per the revised plan for Upgradation/rehabilitation of saline embankment, the river side of the embankment will be treated as No Go Zone and therefore no improvement works will be taken up along the river side of embankment slope. Consequently, the two referred structures will not get disturbed and/or needs to be shifted. Thus, no cost provision for shifting and/or taking away the structures will be required for made in in the SIA report
6	About 1.24 hectares of land is required from four Ghajinis which are Cooperative Land Pool Farming. It is stated that the Cooperatives agreed for donating the land. Please provide details of each cooperative, their authorised representatives, extent of land from each cooperative and if possible their land donation affidavits/Gift deeds/NoCs for use of land for bund improvement	The authorized representative for all four Ghazni cooperatives is Shri C R Naik – Mobile number 9448609898 All the four Ghazni lands are under pool farming for past several decades and thus the land is held under a joint ownership. The consent/resolution letters signed by the Ghazni land owners is given in Table 7.2 under Chapter 7- SIA report
7	Provide word version of the report for easy review	SIA Report in PDF version in one single file is attached, which is easy for review. The Word Version of SIA, which includes several annexures and figures are in several files and will be difficult for review. Therefore, PDF version is best for review and hence enclosed
